**Thinking about becoming a teacher?**

There are many reasons to consider teaching as a career path.

From impacting individual’s lives to sharing your passion with others, you could make a difference in your local community, across Australia or even overseas.

Graduate teachers in Queensland have one of the highest starting teacher salaries in Australia and can earn more than many other graduate jobs.

**What do teachers really do?**

Teachers do more than what you see in the classroom. Some of their other duties include:

- Planning lessons and bringing them to life
- Using different teaching styles to make sure everyone understands
- Using technology and other resources to teach
- Believing in students and helping them to develop their interests and abilities
- Asking thoughtful questions and guiding discussions
- Monitoring their student’s progress
- Working as part of a team with other teachers and school staff.

Want to find out what it’s really like? The Future Teachers Club is the place to find out.

**What is the Future Teachers Club?**

The Future Teachers Club is an opportunity for you to begin to explore teaching as a career, to see if it might be the path for you.

You will also develop your leadership abilities and confidence as you participate in activities that help to give you an insight into the world of a teacher.

**Why join?**

As a member of the Future Teachers Club you can:

- Explore teaching as a career path in a supportive environment
- Find out about the important work teachers do outside the classroom
- Participate in leadership activities and build your self-confidence
- Build relationships with other students interested in teaching
- Discover the positive impact you can have on students

**Who is it for?**

The Future Teachers Club is for anyone who:

- Is in Year 7 or above,
- Is considering teaching as a career, and
- Can participate in weekly club activity sessions.

**How do I join?**
